Families Program

## *How will the Downtown Women's Medical Center be different from other pregnancy centers?*

The Downtown Women's Medical Center will be the first of its kind in Dallas, providing medical services through all nine months of pregnancy and beyond in addition to options counseling, parenting and prenatal classes, and the services listed below.

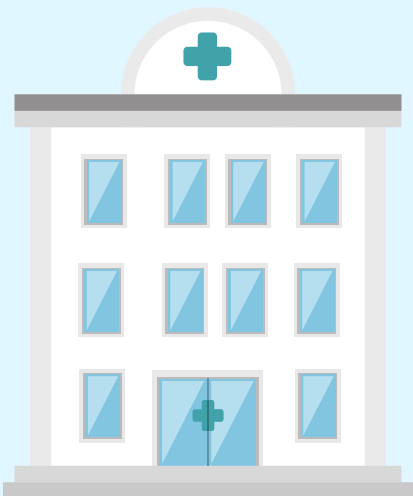

### *Our Current Services:*

- Pregnancy testing and Medicaid verifications
- Ultrasound (sonograms)
- Screenings for STDs - Chlamydia & Gonorrhea
- 11 value Urinalysis (including but not limited to: protein, glucose, nitrites, leukocytes, blood, specific gravity, pH)
- Options counseling – factual information regarding parenting, adoption and abortion
- Prenatal classes
- Parenting preparedness classes
- Sexual health education
- Referrals for housing, education, counseling, social services, mentoring, etc.
- Curb service to college campuses of medical services
- Post abortion healing and recovery classes
- Sharing of the Gospel
- Unconditional acceptance and love given in the name of Jesus Christ regardless of belief system, ethnicity, sexual orientation, or even what language is spoken

### *Added Services with the DWMC Expansion:*

- Registered Diagnostic Medical Sonographer on staff to do diagnostic ultrasounds
- Referrals for complications in pregnancy – Baylor and/or Methodist Perinatologists
- Prepared childbirth classes for our patients
- Complete blood count
- Lab tests as directed by mid-level provider
- Full range of gynecological services, including well-woman exams
- Full services\* for sexually transmitted diseases – \*Positive HIV cases will be referred to the Dallas County Health HIV Program.
- Breast and cervical cancer screenings
- Clinical breast examination
- Screening and treatment for cholesterol, diabetes, and high blood pressure
- Screening and treatment for postpartum depression

# IFLI HAPPENINGS

Volunteers come in all sizes and make for great bonding time with families!

What a joy to meet our client's beautiful, two-week old baby boy!

Kenneth & Victoria use their "Mommy and Daddy Bucks" to purchase a swing for their little one on the way.

\$100,000  
MATCH TO FUND  
THE DWMC!

Downtown Women's  
Medical Center  
Serve First. Love Always.

# OUR GOD IS BIG ENOUGH

## A GOD-SIZED VISION TO MAKE AN ETERNAL IMPACT

She's gone off to college and found a great guy. They've started having sex, her body isn't feeling quite right, and she figures she should find out if she's picked up a STD. Where can she go that's cheap and fits with her college student budget?

She's in high school and went to a party. Someone offered her a drink, and all she remembers is waking up without her clothes on. She's missed her period, and she's scared. Where can she go to find out if she's pregnant?

It's summer, and she's hanging out with her friends at a local spot frequented by teenagers. There's a cute guy that asks her out for a date. It went too far, too fast. She said no. He didn't care.

Young women, with hundreds of scenarios regarding their first-time sexual experiences, and where do the majority of them go for help or answers? Unfortunately, the answer for most is Planned Parenthood.

The Lord placed a vision in our hearts over a year ago that the best way we can fight abortion is to have a medical center that offers everything a woman would need for sexual health services and a healthy, full-term pregnancy. Then young women would never have the need to enter the doors of a Planned Parenthood facility, our nation's largest abortion corporation.

The activity has begun, and we've stepped out in faith to make that vision a reality through the establishment of the DOWNTOWN WOMEN'S MEDICAL CENTER. A building has been identified, and a Capital Campaign is in full force to raise \$3 million to purchase a building on South Akard, build it out, and furnish it with medical equipment and furnishings to serve women of North Texas with comprehensive, whole health services.

### How are we positioned to make this step?

1. We have spent the past year readying ourselves for AAAHC accreditation, the gold standard for ambulatory health clinics. We've read, webinared, seminared and tested to prepare for our final inspection. We're only lacking a facility that will pass medical standards.
  2. As our budget will increase, so will funding through a new revenue stream. As participants in the Healthy Texas Women program, and by accepting health insurance and Medicaid, we will be reimbursed for the medical services we are providing. Additionally, we are working out strategic partnerships with major area hospitals for volunteer doctors to rotate through our medical center as part of their residency program.
  3. We have 24 years of a successful track record in serving women.
- In the first seven months of 2018, we've seen 1,031 clients with the following demographics:
- 62% are ages 20 – 29, the largest age group in our state who abort.
  - 80% are African American or Hispanic – the two largest ethnic groups targeted by Planned Parenthood for abortion and who have the highest abortion rate in our state.
  - 86% of those with positive pregnancy tests were either actively seeking abortion or considering abortion as a possible option. (Effective marketing at work!)

**WE ARE SEEING AND SERVING OUR TARGET  
MARKET WITH INCREDIBLE RESULTS!**

## How is the Lord effectively using Involved for Life to answer the call for women in North Texas?

Over the past three years of ministry (2015, 2016, 2017), the following life-saving statistics tell the story:

- 77% of all women who had a positive pregnancy test and received options counseling chose life.
- 86% of all women who had options counseling AND a sonogram & STD screening chose life.

## What kind of end-results are harvested at our strongest competitor?

According to the latest annual report published by Planned Parenthood (2016/2017), out of the hundreds of thousands of women who had positive pregnancy tests:

- 321,384 received abortions.
- Only 2.4% chose life and received prenatal care.

## A Christ-centered, life-affirming environment that offers compassionate care makes a difference!

Our most amazing accomplishment to share with you is not ours at all, but through the miraculous moving of the Holy Spirit. HE is moving in our centers in a more powerful way than we've seen before:

- In 2017, we saw 115 women (and some men) come into relationship with Jesus Christ, an incredible spiritual harvest. We celebrate God's movement and praise HIM!
- In the first 7 months of 2018, 157 clients have made decisions for Christ, which is a 245% increase from this same time last year! The Lord is moving through the most incredible circumstances. Each story is miraculous. Each transformed life is an eternal victory over Satan!

We've seen the Lord's hand of favor all along the way in this incredible journey. With an original deadline to close on our building of July 20th, at the last minute through some miraculous workings that only the Lord could orchestrate, we've been given an extension that carries us into the Fall to raise the needed funds.

## Double your impact with our \$100,000 MATCHING GIFT CHALLENGE!

An additional blessing has been brought to us through two faithful ministry couples who have been long-time supporters. They have combined their ministry investment funds to offer a MATCHING GIFT CHALLENGE of \$100,000 for others to make a gift that will have a double impact. Your gift of \$100 will equal \$200. Your gift of \$2,500 will equal \$5,000! Your gift of \$10,000 will equal \$20,000! How we love the blessing of multiplication!

While the debate continues in the congressional halls of Washington, DC to defund Planned Parenthood from their HALF A BILLION DOLLARS of tax-payer funding, we each have the opportunity to do something important with our personal treasure right now to establish an incomparable, Christ-centered alternative to benefit those in the 218 zip codes and 30 counties Involved for Life served last year, and well beyond!

Our creative, transformative, loving Lord is doing a new thing! He's inviting each of us to join Him in His work. Won't you be a part of planting the Downtown Women's Medical Center so no woman will ever have to darken the doors of a Planned Parenthood facility? We're praying you'll partner with us in this courageous calling!

For HIS Glory,

Carolyn Cline  
President & CEO

### *Pro-Aborts Show Support:*

"Since November 2016, we have grown to more than 10 million supporters."  
"More than 700,000 new donors have stepped up to support Planned Parenthood."  
"More than 250,000 people have become new volunteers..."

Source: Cecile Richards, 2017 Planned Parenthood Annual Report

### *Pro-Life = Pro-Active*

"Rescue those being led away to death;  
hold back those staggering toward slaughter." Proverbs 24:11

Please help us fight the well-funded, well-supported abortion giant, and
